Hey Bruce - Liz and I were wondering if you could take a look at these hearing prep documents tonight. Could you please? They should be in good shape as most are simply updated from spring budget hearings. The only ones that might need a little more focus are **Deliberative Process / Ex. 5**

Colleagues:

It is likely the Administrator will be testifying before EPW on August 1 – as we found out today. This means we will need to put together a briefing binder very quickly for him and the team.

Can you please work with your respective program offices to update the fact sheets with the latest info? Attached, for your information and reference, is a file with the latest fact sheets that were used and approved for the previous round of hearings. We will need your updated (if appropriate) fact sheets no later than Noon Wednesday, July 25th. Earlier of course would be better if possible, but please note that this is an ironclad date.

Thank you and please let me know if you have any questions. If there are no updates to provide, please let me know that as well.
